Proven Strategies for Cell Growth and Replication

- God has ordained grass root growth as the focus for us as a commission this year – *Ecc. 4:16*
- This connotes a focus on the growth of the cells as the avenue for supernatural church growth – *Eph. 4:12*
- However, every house can only be built by the utilisation of wisdom – *Pro. 24:3-5*
- Furthermore, there is no expansion without the engagement of discretion – *Jer. 10:12*
- This is why we are exploring strategies that have been proven by a number of our operators with unusual cell growth and replication – *1 Sam. 17:49*

What are some of these strategies?

- Engaging the prayer altar – *Acts 6:4*
- Everything in the kingdom demands the force of prayer for effective delivery – *Phil. 4:6*

- **Our prayers must focus on the growth and replication of the cells (1 Cor. 3:6); for pre-cell outreach raids (Jn. 6:44); for the needs of the members of the cell (Gal. 6:2)**
- **We must pray for the territory where the cell operates disarming every resistance for the advancement of the cells – Deut. 2:24**
- **This can be done on individual prayer walks, in prayer groups!**
- **Engaging in soul winning – Acts 8:5**
- **We must seek for how to preach Christ house to house amongst others in any community where our cell is located – Act 5:42**
- **Outreaches can also be carried out in virgin areas with the aim of planting new cells in such neighbourhoods in the homes of the new converts – Acts 8:5**
- **Customised flyers, indicating the cell locations may also be used in this case!**
- **Outreaches may be carried out as individuals, soul winning partnerships, within cells, or as a zone based on the peculiarity of each location!**
- **Engaging the Missionary Cell Minister model – Rom. 15:20**
- **Therefore, ministers may be sent on missionary tasks into locations to plant cells as missionaries – Mk. 16:15**
- **The aim is to develop disciples within the space of a month and hand over to those within the community – Matt. 28:19-20**
- **This may be carried out along with the specialised outreaches in virgin areas!**
- **Our goal is to ensure that every virgin area within reach from us is invaded with cells this year!**
- **Engaging the power of impactful cell meetings – Pro. 16:1**
- **This requires adequate word preparation for each meeting – Pro. 16:1**
- **Word increase will result in eruption for each cell – Acts 6:7**
- **Engage the mysteries (the anointing oil, the blood of sprinkling etc) to prepare the environment for impactful meetings! – Eph. 3:10-11**
- **Engage deliberate participatory model for every fellowship to ensure every member is fully engaged!**
- **Following up on members, new converts and challenged brethren – Acts 15:36**
- **Ensure that the data of all cell members are accurately kept**
- **Be diligent to follow up on anyone not in fellowship immediately after fellowship (same day) – Pro. 27:23**
- **Make a point to visit challenged brethren and new converts! – Acts 14:21-22**
- **We also take time to pray for neighbours during such visits!!**
- **Engaging the youth – 1 Jn. 2:14**
- **The youth must be engaged in every community because exploits requires**
